\_\_\_\_\_ (the "Contribution") for  
publication in Journal of Groundwater Science and Engineering (the "Journal") published  
by Institute of Hydrogeology and Environmental Geology.

Dear Contributor(s):

Thank you for submitting your Contribution for publication. In order to expedite the editing and publishing process and enable us to disseminate your Contribution to the fullest extent, we need to have this Copyright Transfer Agreement signed and returned as directed in the Journal's instructions for authors as soon as possible. If the Contribution is not accepted for publication, or if the Contribution is subsequently rejected, this Agreement shall be null and void. Publication cannot proceed without a signed copy of this Agreement.

### **A. COPYRIGHT**

1. The Contributor assigns to the Institute of Hydrogeology and Environmental Geology, during the full term of copyright and any extensions or renewals, all copyright in and to the Contribution, and all rights therein, including but not limited to the right to publish, republish, transmit, sell, distribute and otherwise use the Contribution in whole or in part in electronic and print editions of the Journal and in derivative works throughout the world, in all languages and in all media of expression now known or later developed, and to license or permit others to do so.
2. Reproduction, posting, transmission or other distribution or use of the final Contribution in whole or in part in any medium by the Contributor as permitted by this Agreement requires a citation to the Journal and an appropriate credit to the Institute of Hydrogeology and Environmental Geology, suitable in form and content as follows: (Title of Article, Contributor, Journal Title and Volume/Issue, Copyright © [year], copyright owner as specified in the Journal) [Publisher]. Links to the final article on Journal's website are encouraged where appropriate.

### **B. RETAINED RIGHTS**

Notwithstanding the above, the Contributor or, if applicable, the Contributor's Employer, retains

all proprietary rights other than copyright, such as patent rights, in any process, procedure or article of manufacture described in the Contribution.

### **C. PERMITTED USES BY CONTRIBUTOR**

1. **Submitted Version.** The Institute of Hydrogeology and Environmental Geology licenses back the following rights to the Contributor in the version of the Contribution as originally submitted for publication.

a. After publication of the final published version, the right to self-archive on the Contributor's personal website or in the Contributor's institution's/employer's institutional repository or archive. This right extends to both intranets and the Internet. The version posted must contain a legend as follows: This is the pre-peer reviewed version of the following article: FULL CITE, which has been published in final form at [Link to final article].

b. The right to transmit, print and share copies with colleagues.

2. **Accepted Version.** Re-use of the accepted and peer-reviewed (but not final) version of the Contribution shall be by separate agreement with Institute of Hydrogeology and Environmental Geology. Requests for permission should be addressed to Journal's permissions department at [gwse-iheg@188.com](mailto:gwse-iheg@188.com).

3. **Final Published Version.** The Institute of Hydrogeology and Environmental Geology hereby licenses back to the Contributor the following rights with respect to the final published version of the Contribution:

a. Copies for colleagues. The personal right of the Contributor is only to send or transmit individual copies of the final published version in any format to colleagues upon their specific request provided no fee is charged, and further provided that there is no systematic distribution of the Contribution.

b. Re-use in other publications. The rights include the re-use of the final Contribution or parts thereof for any publication authored or edited by the Contributor (excluding journal articles) where such re-used material constitutes less than half of the total material in such publication. In such case, any modifications should be accurately noted.

c. Teaching duties. The rights to include the Contribution in teaching or training duties at the Contributor's institution/place of employment including in course packs, e-reserves, presentation at professional conferences, in-house training, or distance learning.

d. Oral presentations. The right includes to making oral presentations based on the Contribution.

4. **Article Abstracts, Figures, Tables, Data Sets, Artwork and Selected Text .**

a. Contributors may re-use unmodified abstracts. For on-line uses of the abstracts, the Institute of Hydrogeology and Environmental Geology encourages linking back to the final published versions.

b. Contributors may re-use figures, tables, data sets, artwork, and selected text from their Contributions, provided the following conditions are met:

- (i) Full and accurate credit must be given to the Contribution.
- (ii) Modifications to the figures, tables and data must be noted. Otherwise, no changes may be made.
- (iii) Dual publication in violation of journal ethical practices herein shall be not permitted.

#### **D. CONTRIBUTIONS OWNED BY EMPLOYER**

1. **If the Contribution was written by the Contributor in the course of the Contributor's employment (as a "work-made for-hire" in the course of employment), the Contribution is owned by the company/employer which must sign this Agreement (in addition to the Contributor's signature) in the space provided below.** In such case, the company/employer hereby assigns to the Institute of Hydrogeology and Environmental Geology, during the full term of copyright, all copyright in and to the Contribution for the full term of copyright throughout the world as specified in paragraph A above.

2. In addition to the rights specified as retained in paragraph B above and the rights granted back to the Contributor pursuant to paragraph C above, the Institute of Hydrogeology and Environmental Geology hereby grants back, without charge, to such company/employer, its subsidiaries and divisions, the right to make copies of and distribute the final published Contribution internally in print format or electronically on the Company's internal network. However, the company/employer may include information and text from the Contribution as part of an information package included in patent applications.

#### **E. GOVERNMENT CONTRACTS**

In the case of a Contribution prepared under P.R.C. Government contract or grant, the P.R.C. Government may reproduce, without charge, all or portions of the Contribution and may authorize others to do so, for official P.R.C. Government purposes only, if the P.R.C. Government contract or grant so requires. (P.R.C. Government and other government employees: see notes at end)

#### **F. COPYRIGHT NOTICE**

The Contributor and the company/employer agree that any and all copies of the final published version of the Contribution or any part thereof distributed or posted by them in print or electronic format as permitted herein will include the notice of copyright as stipulated in the Journal and a full citation to the Journal as published by Institute of Hydrogeology and Environmental Geology.

#### **G. CONTRIBUTOR'S REPRESENTATIONS**

The Contributor represents that the Contribution is the Contributor's original work, all individuals identified as Contributors actually contributed to the Contribution, and all individuals who contributed are included. If the Contribution was prepared jointly, the Contributor agrees to inform the co-Contributors of the terms of this Agreement and to obtain their signature to this Agreement

or their written permission to sign on their behalf. The Contribution is submitted only to this Journal and has not been published before. (If excerpts from copyrighted works owned by third parties are included, the Contributor will obtain written permission from the copyright owners for all uses as set forth in Institute of Hydrogeology and Environmental Geology’s permissions form or in the Journal’s Instructions for Contributors, and show credit to the sources in the Contribution.) The Contributor also warrants that the Contribution contains no libelous or unlawful statements, does not infringe upon the rights (including without limitation the copyright, patent or trademark rights) or the privacy of others, or contain material or instructions that might cause harm or injury.

#### **H. PERMISSSIONS AND REUSE REQUESTS**

Requests for permission to make print uses of the Contribution (or material contained therein) within the People’s Republic of China should be made directly to the Institute of Hydrogeology and Environmental Geology. All other requests should be sent to Institute of Hydrogeology and Environmental Geology at gwse-iheg@188.com. Please note that no separate permission is required for uses detailed in this Agreement.

#### **Note to P.R.C. Government Employees**

A contribution prepared by a P.R.C. government employee as part of the employee’s official duties, or which is an official P.R.C. Government publication, is called a “P.R.C. Government work” and is in the public domain in the People's Republic of China. In such case, the employee may cross out Paragraph A.1 but must sign (in the Contributor’s signature line) and return this Agreement. If the Contribution was not prepared as part of the employee’s duties or is not an official P.R.C. Government publication, it is not a P.R.C. Government work.
